

At Fort McClellan Credit Union, the health and safety of our members, employees, and surrounding community is our top priority. As concerns for coronavirus, also known as COVID-19, continue to grow, we feel that it is important to address the precautions that we are taking to protect our members and staff. We are continuing to monitor the situation at hand, and we are taking the necessary measures to maintain a clean and safe environment for our members and staff.

To be certain we are providing the cleanest and safest environment for everyone, we are educating our employees and implementing precautionary measures encouraged by the Center for Disease Control and Prevention.

We are prepared to handle the issue at hand, and while each of our Branch Locations continue to operate as normal, we want to identify the avenues that members may take to complete financial transactions with minimal exposure to the outside community:

- Online and Mobile Banking are available 24/7. Members can log in online at [fortmcclellancu.org](http://fortmcclellancu.org).
- With Auto Teller members can perform transactions from their credit union account 24/7 by calling 256-236-5152.
- ATMs are located in 6 locations throughout Calhoun, Cherokee, and Randolph Counties. Members also have access for "FREE" at any ALL Point ATM's.

Fort McClellan Credit Union is committed to keeping our member experience as normal as possible while maintaining an environment that promotes the wellbeing of our employees and the members we serve. As we continue to monitor the evolving situation, we will make any necessary adjustments for the health and safety of employees, members, and the surrounding community. We will continue to provide updates as more information becomes available.

If you have any questions or concerns, please call us at (256)237-2113. Thank you for your continuing support of Fort McClellan Credit Union.
